A close-up photograph of a metal plate, likely a pickup cover, mounted on a wooden neck. The plate is rectangular with rounded corners and is secured by four screws, one in each corner. The wood grain of the neck is visible, and there is a prominent purple stain on the metal surface. The background is a dark red or maroon color.

A close-up photograph of a cylindrical metal component, possibly a valve or actuator, mounted on a white plastic base. The component has handwritten markings in black ink. A thick black cable is attached to the top. To the right, a white plastic part with a spring is visible. The background is blurred, showing other mechanical parts.
